

# CDS

COMMUNITY DEVELOPMENT SCHEME

## GUIDE FOR APPLICANTS

CDS funding aims to financially support you to pursue education and training that contributes to the growth of the local economy

Updated: August 2022

# CONTENTS

- 3** Aims of the Community Development Scheme
- 4** What types of training or development will be considered for support?
- 5** Who can and cannot apply?
- 6** How do I apply?
- 7** What do I need for a successful application?
- 8** What can the funding be used for?
- 9** How much funding can I apply for?
- 10** How is the funding paid?
- 11** What is expected of me if I am successful?
- 12** What happens if I do not complete the training?
- 13** Where to access help about the scheme
- 14-18** Workforce Shortage List

# AIMS OF THE COMMUNITY DEVELOPMENT SCHEME

## The Community Development Scheme aims to:

- help people to fulfil their aspirations and further their careers
- help people to increase their earning potential and progress to higher skilled jobs
- help the economy to grow, by increasing the availability of skills, qualifications and expertise in the Falkland Islands, and reduce workforce and skills shortages
- be inclusive and transparent, encouraging applications from all eligible applicants at all skill levels

This supports the vision of successive Islands Plans of providing high quality education and training opportunities, and developing our workforce to ensure we have the skills needed to carry our nation forward.

# WHAT TYPES OF TRAINING OR DEVELOPMENT WILL BE CONSIDERED FOR SUPPORT?

## A broad range of training or development opportunities

- **Academic qualifications**  
(at all levels, including PhDs and Masters)
- **Vocational qualifications**
- **Professional qualifications**
- **Distance learning**
- **Non-certified competency-based training**
- **Secondments**
- **Structured learning visits**
- **and others**

Training may take place in the Islands at Falklands College or via distance learning options but may also take place overseas (in the UK or elsewhere), or a combination of both.

# WHO CAN APPLY

- Applications will be considered from people currently in employment or self-employment and people not currently in work. *School age children are not eligible.*
- You must hold Falkland Islands Status or a Permanent Residence Permit (PRP) to be considered
- You may also apply if you have been in full time education in the Falkland Islands for at least three years but have not been eligible to apply for PRP because of not having reached the age of 18.

# WHO CANNOT APPLY

- If you are already undertaking training/development funded through the CDS, you cannot apply for a second activity to start on a date before the first one has been completed
- If you have not successfully completed a previously funded course of study, without good reason, any future funding will be disallowed. Early consultation with the Falkland College Careers Lead is necessary before reapplication
- Applications must be submitted by individuals. Employers cannot apply for funding for their company's benefit or on behalf of their employees.

# HOW DO I APPLY?

Individual applications can be made at any time, and are considered and analysed by a panel that meets regularly. Deadlines to submit applications to reach each panel meeting are advertised in Penguin News.

## Applications are welcomed from all eligible individuals

To help you find the right opportunity to meet your aims, you are encouraged to seek careers advice to ensure that the panel has a clear understanding of your career plan and receives advice on the academic process. This step is considered as a requirement for the applicants

This may include advice on opportunities available through other routes such as Higher Education (HE) funding or an Apprenticeship, as well as CDS.

Please contact Alison Ford, Careers & Development Officer:  
**aford@college.ac.fk and JBirmingham@college.ac.fk**

The CDS application form can be obtained by e-mailing  
**cds@education.ac.fk**

You should submit your application to **cds@education.ac.fk** or to the *Education Department*. You will need to complete the application form in full - we will not be able to progress your application until we have all the relevant information

# WHAT DO I NEED FOR A SUCCESSFUL APPLICATION?

**Your application will be considered by the CDS panel. It is more likely to be successful if it includes:**

- Evidence that the proposed training or development opportunity will improve your future career prospects
- Evidence that the proposed skills/training that you will obtain will benefit the Falkland Islands in the future
- Evidence to demonstrate that you are likely to successfully complete the education/training/development activity
- A detailed and realistic breakdown of the costs of the training (and any travel and accommodation costs). Try to identify all the relevant costs, as it will not be possible to increase the funding later except in very exceptional circumstances
- Evidence of being able to meet the 50% funding contribution, where relevant, e.g. a letter of support from your employer
- For FIG employees, evidence from your line manager supporting the application

In determining whether your application will benefit the Falkland Islands, the panel will take account of the most recent Skill Shortages List (pages 14-18). If your application would not be covered by that list, the panel may consider other evidence that you will be developing skills that will benefit the Falkland Islands.

**Try to include as much relevant information as you can**

# WHAT CAN THE FUNDING BE USED FOR?

**CDS funding can meet, or contribute to, all necessary costs in undertaking the training or development.**

- Course fees and exam fees
- Costs of essential training materials
- Reasonable travel, accommodation and living costs associated with the training (see page 10 for more information)

*Funding cannot be applied for retrospectively, in other words, you cannot apply for this funding after having started your course.*

# HOW MUCH FUNDING CAN I APPLY FOR?

There is no cap on the total amount of funding that you can apply for under the CDS, and the funding is not means tested. However, the proportion of training costs that the CDS will fund does depend on your circumstances:

- Large employers are expected to match any funding provided by the scheme (up to 50% of the cost) if an application for funding is made to help you progress in your current role/career
- If you work for a company with 10 or fewer employees (or are self-employed) and total revenues of less than £500,000, the CDS will provide up to 100% of the total costs. (If the company is part of a larger group, the whole group must be below these thresholds)
- If you are seeking funding for training and development that is unrelated to your current job/ career, applications for up to 100% of the total costs will be considered
- If you are employed by FIG, the CDS will provide up to 100% of the total costs, because FIG has incorporated some of its training budget into the CDS
- If you are unemployed, the CDS will fund 100% of the total costs

*Funding cannot be applied for retrospectively*

# HOW IS THE FUNDING PAID?

<b>Course and exam fees</b>	Normally paid directly to the education or training provider.
<b>Accommodation and living costs</b>	<b>Long term/residential courses</b> £8,965 for UK courses £10,308 for London (funded at same levels for Higher Education Students)  <b>Short term courses without accommodation included</b> Up to £75 per day - reimbursed upon valid receipts
<b>Travel expenses</b>	Paid for the most economical form of transport, unless agreed in advance. CDS will not normally pay for: <ul style="list-style-type: none"><li>• Taxis (unless previously agreed)</li><li>• First class travel</li></ul>

For training in the UK or elsewhere outside the Islands that is more than 12 months in duration, a mid-course return flight may be awarded in between each full year of study.

The CDS will only fund travel and subsistence costs for the individual named in the application. No financial support will be provided in respect of any accompanying family members.

Advance payments can be made in exceptional circumstances. These payments would need to be agreed by the Director of Education.

# WHAT IS EXPECTED OF ME IF I AM SUCCESSFUL?

You will need to sign a financial agreement stating the terms on which you will be provided with the funding.

This includes your agreement to:

- provide evidence of expenditure (receipts etc) to support payments to you
- provide regular formal feedback on your progress to the CDS administration.
- provide evidence of successful completion of any training/development activities that are funded to the CDS.
- participate in communication, including social and print media, which promotes the CDS and those funded by the scheme
- commit to return to the Islands within five years of completing your course and to be ordinarily resident for a minimum of two years, and to repay the funding if you fail to do so
- participate in future monitoring to ascertain how you have applied the training/development to further your career, and how this has contributed to the development of the Falkland Islands
- repay any funds that are not used for the purpose for which they were awarded
- repay any course fees or travel costs, which are refunded to you or for which you receive funding from any source.

# WHAT HAPPENS IF I DO NOT COMPLETE THE TRAINING I AM FUNDED FOR?

If you withdraw from the course you are funded for, or if you fail to successfully complete the activity, you must advise CDS through the Education Office as soon as is practically possible.

You will be required to repay the funding unless you have a good reason, which for example might include illness, a family emergency or a course being cancelled; and you can provide supporting evidence.

If you have not completed a previously funded course of study, without a good reason, any future funding may be disallowed.

In exceptional circumstances, you may be funded for a second attempt at a course or exam that you have failed. Early consultation with the Falkland College Careers Lead is advised before reapplication.
